Those Were The Days

Those were the days, my friend . . .
We thought they'd never end . . .
We'd sing and dance
Forever and a day;
We'd live the life we choose,
We'd fight and never lose,
For we were young and sure to have our way . . .
Through the door there came familiar laughter,
I saw your face and heard you call my name.
Oh my friend, we're older but no wiser,
For in our hearts the dreams are still the same.

Twinkie,
It's been
great being in
Concert Choir with
you.
You're a great
friend and I
hope you always
will be.
Good luck.

WHAT YOU SHOULD ASK YOUR EMPLOYER

1. PAY. You should request at least $321.00 per month to start. Request regular promotions with increases in pay for promotion and years of employment ($342.00 a month after 4 months training, with additional pay and fringe benefits for married personnel.

2. VACATION. Request 30 days paid vacation every year starting with your first year. Request low rate or free world travel privileges any time while on vacation.

3. EDUCATION. You should continue your education while you work and the company should pay 75 per cent of these educational costs. If selected for college, your tuition should be paid and your normal salary continued.

4. ALLOWANCES. Ask your employer for a clothing allowance. About $300.00 for initial outfitting and at least $6.00 a month to maintain and/or replace worn-out clothing. Request a cost of living allowance and quarters allowances for your wife and family.

5. LEISURE. You should have company operated clubs for your leisure time. Swimming pools, tennis courts, movies and libraries should be added features to expect. Prices should be mininal or free with no fees for joining.

6. MEDICAL CARE. You should have unlimited sick leave with normal salary during the entire period. Any medical or dental care for yourself should be absolutely free, along with free medical care for your family.

7. MARKETING. The company should operate grocery, department, laundry, variety, and other stores which reduce your expenses up to 30 per cent.

8. RETIREMENT. Your retirement plan should feature 50 per cent of pay after 20 years to 75 per cent of pay after 30 years, with no contributions on your part. Should you retire for medical reasons, your retirement pay must be tax free. You should be eligible to retire any time after 20 years.

9. TRAVEL. Your employer should agree to relocate you, at your request anywhere in the United States or free world, pay your travel expenses up to six cents per mile and move your household effects free of charge. If married, agree to pay for your dependents travel and one month's extra quarters allowance each time you move.

10. BONUSES. Your employer should be willing to pay you up to $10,000.00 cash bonus to stay with him after 21 months.

11. TRAINING. Inform your employer that you have no experience and you expect to be trained and receive all benefits from the start.

With these 11 points in mind, check the following sources for the same fringe benefits:

. . . Friends . . . Want Ads . . . Employment Offices . . . THE UNITED STATES ARMY

Ask the propestive employer what he has to offer, and remember this: If he thought you expected him to match these 11 points, he would more than likely end your interview immediately. Better yet, don't waste time, see your Army Representative.
